HIGHLY ESTEEMED MEDICINES.

FOSTER'S EGYPTIAN BALM OF LIFE.

OR NATURE'S GRAND AND GENIAL AUXILIARY.

A SPECIFIC for Consumption, Great Bodily Debility, Old and firmly Rooted Coughs, Flatulency, Indigestion and Billious Disorders, Convulsions and Spasms, Scorbatic and Serpentine Affections and Female Complaints.

The Egyptian Balm of Life being an invaluable Family Medicine, should not be neglected in the Spring and Fall by any member of a family, as a Grand Auxiliary to the efforts of nature, in throwing off superfluous humors, generated in the winter and summer months; thus preventing as well as otherwise curing the above distressing affections, and giving a healthy tone and proper action to all the grand operations of the system.

This Medicine has long sustained an unrivaled character for excellence in the private practice of many eminent practitioners in Europe, yet remaining at the same time undivulged in the possession of the individual of whom it has been purchased.

It is now exerting a salutary influence on this side of the Atlantic, and it is recommended to those who may be laboring under any of the diseases for which it is designed as a specific, and also as a preventive of disease, on its first appearance.

For a more particular description of the above medicine, we would refer to the envelope accompanying each bottle.

Many valuable certificates might be produced of the benefit received therefrom. Hundreds in the State of Maine, as well as in other States, can testify to its superior efficacy, but the proprietor is willing for the public to judge for themselves by trial. A few names however, are referred to in the envelope accompanying each bottle.

Foster's Celebrated Nerve Ointment.

For the cure of Spasms, Bruires, Cramps, Rheumatism, Contracted Muscles, Sore Throat, Stiff Neck, Pain in the Breast, Back or Joints, Throat Distemper, the Piles, &c.

The general testimony concerning this Ointment, from those who have proved its merits, is, that it is too valuable a medicine to be neglected. And indeed we might fill a book of an hundred pages in giving incidents of its happy effects on the suffering.

N. B. The above Medicines are prepared only by W. A. Greenough, Portsmouth, N. H., and sold wholesale and retail by him.

Also, sold wholesale and retail by G. W. LADD, Bangor; sold also by Eli C. Ruby & J. Knowlton, New York; W. Anthony Frost, Lincoln, S. Lang, Palermo; H. G. Washburn & Co. Belfast; Gilmore & Clifford, Prospect; Luther Mudgett, North Prospect; Robert Treat and J. B. Chick, Franklin; Arny & Norcross, Hampden; Richardson & Kennedy, Old Town; E. P. Butler & Co. Orono.

STATE OF MAINE.

TO the Hon. the Justices of the Supreme Judicial Court next to be holden at Belfast within and for the County of Waldo and State of Maine, on the third Tuesday of July, A. D. 1843.

RESPECTFULLY shows EDWARD D. PETERS, of Boston, County of Suffolk and Commonwealth of Massachusetts, merchant, that he is seized in fee simple and as tenant in common of and in certain real estate situate in Bangor, in the County of Penobscot and State aforesaid, on the Kennebec stream at its junction with the Penobscot river, known as "French's Point," bounded and described as follows, viz:--Commencing at the south east corner of the angles made by Washington and Exchange streets, thence running south about eighty-one degrees west about one hundred and eighty-five feet to said Kenduskeag stream, more or less, thence southerly to the channel of said river to a line which would be intersected by a continuation of the westerly line of Exchange street--thence on said line to the first mentioned bounds, including a wharf, one pier and one half the dock between the aforesaid premises and James Crosby's wharf, and also one half the flats and land at the bottom of Exchange street, together with the flats, privileges and appurtenances belonging to the whole of said premises, excepting out of the above described premises so much as has been heretofore legally assigned and set off to James Crosby in his petition for partition made and returned at the last October term of the Supreme Judicial Court, holden at Bangor for and within said County of Penobscot, as appears by the record of said Court and the return of the Commissioners and to which reference may be had, and in which return the estate and interest assigned and set off to said Crosby are described as follows, viz:--Beginning at the point where the south line of Washington street or that line continued intersects the west line of Exchange street as laid out by the City Council of Bangor in 1836, thence running south about 91° west on said line of Washington street or said line continued to the capstan or west end of said wharf on Kenduskeag stream, thence on same course to the centre of said stream, thence at right angles twenty-three feet down said stream, thence at right angles to said wharf to a point twenty-three feet southerly of the first described line, thence on a course parallel with the first line and twenty-three feet distant therefrom, to the said west line of Exchange street, thence on said west line of Exchange street to the first bound, together with the right in said Crosby, his heirs and assigns, to use the dock on said Washington street, continued to said stream at low water, as a way, subject to and in common with the rights of other owners of said wharf property described in this (said Crosby's) petition, and of all the legal rights and privileges of all persons interested in said street or dock, and reserving for the use and benefit of the other owners of said described property, whether the same may be holden in common or in severalty, a right to pass on or over the premises hereby set off to said Crosby to the other portion or portions of said wharf and premises, but the said Crosby, his heirs or assigns, shall have the right to designate and lay out in fulfillment of this reservation a way at least fourteen feet in width in some reasonably convenient and suitable place over his said lot, which way being designated and kept open and clear for a way across his said lot shall be the way or passage, hereby reserved. And if for any reason there remains any portion of the original wharf and premises subject to partition in front of the lot hereby set off to said Crosby and east of the said west line of Exchange street, such parcel of the width of twenty-three feet within the lines of the lot, set off, continued, is hereby set off to said Crosby in severalty, to be however kept open as a way for the use of said Crosby, his heirs and assigns, and all the owners as aforesaid.

And your petitioner further shews that he is interested in and claims partition of nineteen fortieth parts of the whole of said premises and estate, or his proportionate part in so much thereof as remains undivided after deducting so much or such portion and interest as has been legally assigned and set off to said Crosby, and which is substantially described herein, as an estate in fee simple, and that he cannot possess, occupy and improve the said parts to any advantage while the same lies in common and undivided, but is desirous of holding his share and interest in said estate in severalty.

And your petitioner further alleges that the co-tenants of said estate so far as the same are known to him, are Zebulon Bradley Davenport of Milford County of Penobscot, Rufus Davenport of Milford in said County, Amos M. Roberts of Bangor in said County, The President, Directors and Company of the Mechanics Bank of Newburyport in the County of Essex and Commonwealth of Massachusetts, Jeremiah Faulkner of Bluehill, County of Hancock, State of Maine, and Israel Chase of same Bluehill, and Charles Mustard of Topsham in the County of Lincoln and State aforesaid.

And your petitioner shews that prior to the partition of said Crosby, he was seized and interested in nineteen fortieth parts of the whole of said estate and premises, as an estate in fee simple, and claims partition of so much as has not been legally assigned to said Crosby, the share or proportion in the residue to which your petitioner is entitled being equal to his said nineteen fortieths of the whole.

And your petitioner wishing to hold his share and due proportion in the premises, estate and flats thereto belonging, as aforesaid, in severalty, therefore prays your Honors to cause partition to be made of the said premises, and that after taking into consideration the part and interest legally assigned to said Crosby, the share, interest and proportion of your petitioner in the residue or remaining premises and estate may be divided and set off to him from the rest in severalty, after due notice given and such proceedings had as shall be in accordance with law, and as in duty bound will ever pray.

Dated this 14th day of July A. D. 1843.

EDWARD D. PETERS.

By M. L. APPLETON, his Attorney.

WALDO, ss. Supreme Judicial Court, July Term, 1843. On the foregoing petition ordered, that the petitioner cause an attested copy thereof with this order thereon, to be served on the said respondents and published in the Bangor Courier, a public newspaper printed at Bangor in the County of Penobscot, three weeks successively, said service and said last publication to be thirty days before the term of this Court to be holden at Bangor, within and for the said County of Penobscot, on the fourth Tuesday of October next, that all persons interested may then and there appear and shew cause, if any they have, why the prayer of said petitioner should not be granted.

SANDS' SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, NAMELY:

Scrofula, or King's Evil, rheumatism, obstinate cutaneous eruptions, pimples, or pustules on the face, blotches, biles, chronic sore eyes, ring worm or tetter, scald head, enlargement and pain of the bones and joints, stubborn ulcers, syphilitic symptoms, sciatica, or lumbago, and diseases arising from an injudicious use of the mercury, ascites, or dropsy, exposure or imprudence in life. Also, chronic constitutional disorders will be removed by this preparation.

The proprietors submit to the public the following certificate, from a highly respectable source, of a cure made by using their preparation of Sarsaparilla, which cannot but have the effect of placing beyond all doubt the curative powers of the medicine.

NEW YORK, August 3, 1842.

"Messrs. Sands--Gentlemen. Under a feeling sense of gratitude inherent to us all when suddenly relieved from suffering and disease, I now as an act of justice due to you, and with a view of relieving the afflicted, make known to the world the inestimable benefit I have received from the use of your Sarsaparilla. In the year 1832 I sailed from England in a vessel bound for Quebec, and while on the passage first discovered the disease which afterwards proved to be a sore affliction; and truly I can say, from the crown of my head to the sole of my foot there was no soundness in me. From the time first mentioned down until the present, a period of more than ten years, I have suffered all that human nature was capable of bearing. I have been under the care of the most distinguished physicians both in this country and in England, visited Bath, Cheltenham, Bristol and Gloucester, tried various specifics, among others a large quantity of Swaim's Panacea, used sulphur baths, &c. As a last resort I was induced to wrap myself in a tar ointment, keep myself secluded, shunned by all, myself also shunning. I was induced to believe my case a hopeless one.

In August last, by the advice of friends, I went to the New York City Hospital, but was there told that my case was incurable. The disease now enveloped my whole body, rendering me almost helpless; the skin thickened and cracked, and blood and matter ran, and life itself became almost a burden. A few weeks since I was induced to use your Sarsaparilla by hearing it so highly recommended. Having spent nearly \$5,000 without obtaining but little relief. After using it a short time, I found myself better, and now, by using six or eight bottles, costing me less than ten dollars, I am well. Yes, I certify and declare to the world, that after spending near \$3,000 in traveling and doctoring, and suffering more than can be told, I was perfectly cured by using your invaluable preparation of Sarsaparilla; and I now recommend it to all similarly afflicted. Those wishing to know further particulars will find me at my residence, No. 27 Warren street, New York, where I shall be happy to communicate anything in relation to the above cure.

PAUL BURDOCK."

Prepared and sold by A. B. SANDS & Co. Druggists and Chemists, Granite Buildings, 273 Broadway, corner of Chambers street, New York. And for sale by Druggists throughout the United States. Price \$1 per bottle, six bottles for \$5.

The public are respectfully requested to remember that it is Sands' Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject, and ask for Sands' Sarsaparilla, and take no other.

FARM FOR SALE.
THE subscriber offers for sale, that tract of land known as the Todd farm in the town of Chester. It is pleasantly situated on the river about four miles above Lincoln village and consists of about 83 acres mostly excellent tillage land, including eight or ten acres of intervals. There is a small house upon it somewhat out of repair and a moderate sized barn. To an experienced and practical Farmer, who would improve it himself, this Farm would be highly valuable, as it will yield with suitable cultivation a large crop of Hay and Grain, which in that situation must always command a market at good prices. It will be sold on reasonable terms on application to me at Bangor.

PATENT MILL WHEELS.
THE Subscriber having for a long time given his attention to the construction and operation of Water Wheels, has finally succeeded in the invention of two kinds of Wheels for which he has received Letters Patent from the Government of the United States.
These Wheels are simple in their construction, cheap and durable, are easily put in operation, and are not liable like most other wheels to get out of order, they are not obstructed by back water, when the head is not diminished thereby; and the same power and speed is obtained, with about one half the quantity of water usually applied to wheels now in general use.
A great number of these Wheels are now in operation and give in all cases entire satisfaction; and for further information respecting them the following gentlemen are referred to, all of whom have some of said wheels in operation: Jacob Drummond, James B. Fiske, Amos Davis and Leonard March, Esqrs., Messrs. Fiske & Norcross, Foster & Gilman, S. P. & H. Strickland, W. T. & H. Peirce & Co., Bangor; Hon. J. S. Little, Portland; Hon. Machias; Levi L. Lowell, Calais.
The above wheels are manufactured and for sale at the Iron Foundries of Messrs. HINCKLEY & EGGERY and FRANKLIN MUZZY & CO. in this city, who are furnished with a great variety of patterns, so that Wheels of any particular description, or adapted to any given head of water, can be furnished at short notice. "The question is often asked, from what is the word 'Cyprian' derived? Ans.—from the word 'Cyprus,' the name of the principal island in the Mediterranean Sea.—The inhabitants of that far famed island, are as well known for their slothful habit, as for their bright appearance. It is said, that they are so much addicted to become a mother. LIN'S CELESTIAL BALM OF CHINA.

Statements honest, plain and true. Will you believe and profit by them, or neglect and suffer.

THIS Balm or Salve will be found unlike any other preparation. There is no Fiction or imagination in its qualities. It will cure any inflammation that can be cured at all. It will take out inflammation, and take down swellings; and by thorough friction over the parts externally, will by counter irritation, remove inward soreness to the surface.

A YOUNG WOMAN, for years afflicted with a running sore, called a fever sore, cured by the use of this Balm in about three weeks.

A CHILD, with great hoarseness and difficult breathing, relieved and cured by rubbing it well on the chest and stomach, and covering a flannel with the Balm and laying it over the breast.

A JUDGE of one of our courts had piles several months without knowing the name of his complaint. He used one flask of this Balm and was cured.

A GENTLEMAN who had an attack of piles every year regularly for ten years, cured himself five years since by this Balm, and though plainly

threatened at least fifty times since, has kept off an attack by rubbing on the Balm when any uneasiness, soreness, or fullness is felt about the parts.

A PRISONER cut a frightful gash in his foot with a piece of broken glass; he was cured in a few days by the Balm. The same bottle cured all the sore fingers, legs and feet in the prison.

AT THE ASYLUM for Aged and Indigent Females, it has been used with signal success. One of the lady patronesses, Mrs. Nixon, has left her name, and wished sufferers referred to these facts.

NO MAN OR WOMAN can possibly have the **PILES** if they use this Balm well when they feel any uneasiness about the parts. It is far better to prevent than cure any calamity or ailment.

DIRECTIONS, &C., FOR ITS USE.

FOR THE PILES.—If the parts are very sore, reduce a little of the Balm by mixing half alcohol with it. After one or two trials that way, you must use

it without reducing it. *You never can use too much* at a time—if a whole bottle could be absorbed in two applications, by long friction, it would be all the better.

IF COSTIVE, use it well before going to sleep—*this will do wonders.*

TO PREVENT any attack of the Piles, you must use it whenever you feel a fullness of the parts, and an attack will be impossible. Hundreds thus keep off this dreadful complaint entirely.

INTERNAL PILES

May be reached by injecting it with a syringe, with a large open point to it. This syringe, made expressly for injecting this, and the Dalley's salve, or Hays' Liniment, may be found with those who sell these articles. See drawing. Or in some cases may be reached with the finger, or covered with a piece of silk smeared with the Liniment.

PROJECTING PILES.
That won't return at all, may be reduced by white lead, ground in oil, and put on over-night, by a spoonful from a paint shop.

VERY COLD WATER should be applied by washing the parts well after stools, particularly if just before bed-time.

In *very old cases of Piles*, when there is apparently a deposit and discharge from the parts, or when the parts are *very sore* or inflamed, use "**DAL-LEY'S PAIN EXTRACTOR**;" alternately with the "**CELESTIAL BALM**," and your cure is certain. Use the syringe.

Hemorrhoids, etc.
IN DIFFICULT BREATHING—Spread it on linen or flannel, and lay it on the breast, after having rubbed the breast well with it—the relief is almost directly. So with Coughs, and espe-

will be felt directly. It is especially with Hoarseness, or Sore Throat—rub till the skin becomes tender, then spread it on flannel and bind it on, and you may depend it will cure you. If you do not believe it now, you will when you have once tried it.

Rheumatism.

RHEUMATISM, and all pain in the joints and stiffness, must be cured by it by rubbing the parts until the skin becomes tender, and then binding more on well with flannel.

KOLMSTOCK'S VERMIFUGE.
THIS remedy for worms is one of the most extraordinary ever used. It effectually eradicates worms of all sorts, from children and adults.
THOUSANDS perish by worms without the real cause being known. Some other reason is assigned for their sickness, until too late to cure the real cause.
 What immense responsibility then rests upon the parent who does not know, and the doctor who does not understand, the complaint which is destroying those precious flowers of life—children.
 What should be done?
 The answer is plain. Give this vermifuge, which will be sure to do good, if they have no worms, and if they have, it will destroy and eradicate them with a certainty and precision truly astonishing.
 It cannot harm the smallest infant or the strongest adult. It is as innocuous or mineral in its character as sugar.

cure is the basis of most worm remedies; and
the remedy is sometimes worse than the disease. So
never use lozenges, but rely upon this. Every per-
son will be convinced on one trial, that it is the most
perfect cure ever invented.

The immense sale that this vermifuge has, is a
sure test of its value and the estimation in which it
is held by families. It would be quite too expensive
to publish the volumes of certificates that have been
given for this article, and the users of it are request-

think may be benefitted by it.

Speak of it in all families, and you will do your
duty to your fellow-creatures, and feel assured of
the approbation of all good men, and will receive
